25X1

1. In early March 1954, the rumor circulated in Sofia that a Bulgarian currency revaluation was imminent. The stores were crowded by purchasers of consumer goods.
2. On 13 March 1954, any planned change in currency was denied.

Comment: The denial of a planned change in currency was presumably made by official announcement. There is no indication that "revaluation" meant a change to the ruble.
